1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

We are an Independent School that focuses on the children with Social, Emotional, and Mental Health challenges, often because of childhood trauma. All of our children have an EHCP or statement of Special Educational Needs. We carefully consider any applications to our school before admission to ensure that we can meet the child's needs socially, emotionally and academically. We aim to help children reintegrate back to mainstream schools, whenever possible.

Our school phrase of 'Everybody Different, Everyone Equal', pervades the work that we do. We aim to get children to become valuable members of an inclusive society.

This plan is available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. All staff are trained by the LA in Equality and Diversity and complete Educare training: Medication Training, Equality and Diversity and Health and Safety in Education.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including: pupils, parents/ carers, staff, our school improvement partner, the SEN from Rochdale LA and SMT Management Group

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition

includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

The information set out in the column of 'current good practice' are examples to guide your own analysis of your current practice. They are not a thorough representation of good practice, and should be adapted to suit your school's context.
