

# SEND POLICY

# SEND Policy

## 1. Aims

Our SEND policy and information report aims to:

- Set out how our school will support and make provision for pupils with special educational needs (SEND).
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND.

## 2. Legislation and Guidance

This policy and information report is based on the statutory **Special Educational Needs and Disability (SEND)**

**Code of Practice: 0 to 25 years** and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for children and young people with special educational needs and disabilities (SEND).
- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities relating to Education, Health and Care (EHC) plans, SEND coordinators (SENCOs) and SEND information reports.

## 3. Definitions

A pupil has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or;
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

## 4. Roles and Responsibilities

### 4.1 The SENCO

The SENCO will:

- Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEND, including those who have EHC plans.
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEND receive appropriate support and high-quality teaching.
- Advise on the graduated approach to providing SEND support.
- Advise on the deployment of the school's budget and other resources to meet pupils' needs effectively.
- Be the point of contact for external agencies, especially the local authority and its support services.
- Liaise with potential next providers of education to ensure pupils and their parents are informed about options and a smooth transition is planned.
- Work to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements.
- Ensure the school keeps the records of all pupils with SEND up to date (Education Files and Clear care).
- Each SENCO holds, is

#### **4.2 The SEND SMG link is the Proprietor and will:**

- Help to raise awareness of SEND issues at SMG board meetings.
- Monitor the quality and effectiveness of SEND and disability provision within the school and update the SMG on this.
- Determine the strategic development of the SEND policy and provision in the school.

#### **4.3 The Director of Education will:**

- Work with the SENCOs and SEND SMG link (Dominic Macauley) to determine the strategic development of the SEND policy and provision in the school.
- Have overall responsibility for the provision and progress of learners with SEND and/or a disability.

#### **4.4 Class Teachers**

Each class teacher is responsible for:

- The progress and development of every pupil in their class.
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.
- Working with the SENCO to review each pupil's progress and development and decide on any changes to provision.
- Ensuring they follow this SEND policy.

### **5. SEND Information Report**

The kinds of SEND that are provided for at our school currently provides additional and/or different provision for:

- Children who have an EHCP to support their learning.
- Children with SEMH barriers to learning.
- Children whose learning has been impacted upon due to trauma they have experienced in their lives.
- Communication and interaction, for example, autistic spectrum disorder and Asperger's Syndrome.
- Social, emotional, and mental health difficulties, for example, attention deficit hyperactivity disorder ADHD, PDA, ODD
- Moderate learning difficulties caused by any of the above.

#### **5.1 SEND and Assessing Needs**

We assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline.
- Fails to match or better the child's previous rate of progress.
- Fails to close the attainment gap between the child and their peers.
- Widens the attainment gap.

This may include progress in areas other than attainment, for example, social needs.

When deciding what special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

#### <

- Notes of these early discussions will be added to the pupil's record and given to their parents/ carers.

### **5.3 Assessing and Reviewing Pupils' progress Towards Outcomes see the School's Assessing Pupil Progress Policy**

These will be monitored through the children's education records: Assessing Pupil progress monitoring, Strength and Difficulties Questionnaires, Special Needs Support Plans and PEP/ EHCP documents and the relevant meetings.

We follow the graduated approach and the four-part cycle of assess, plan, do, review.

The class teacher works with the SENCO to carry out a clear analysis of the pupil's needs. This will draw on:

- The teacher's assessment and experience of the pupil.
- Their previous progress and attainment and behaviour.
- Other teachers' assessments, where relevant –Rising Stars Assessment, Arbor Assessments and Strength and Difficulties Questionnaires are used.
- The individual's development in comparison to their peers and national data.
- The views and experience of parents/carers.
- The pupil's own views.
- Advice from external support services, if relevant the assessment will be reviewed regularly.

All teachers and support staff who work with the pupils will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress. Timetables and 1-1 support are reviewed termly. Intervention Plans are in place for each child that is not making the expected level of progress against their own targets as identified in the EHCP/ PEP.

### **5.4 Supporting Pupils Moving Between Phases (and Preparing for Adulthood)**

We will share information with the school, college, or other setting to where the pupil is transitioning. We will agree with parents and pupils which information will be shared as part of this.  
See the school's Transition Policy.

### **5.5 Our Approach to Teaching Pupils with SEND and Additional Support**

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High quality teaching is our first step in responding to pupils who have SEND. This will be differentiated for individual pupils.

We will also provide the following interventions:

- Individualised curriculum.
- All materials will be differentiated to meet the learning needs of the child.
- All resources required to enable the child to access the curriculum will be in place as far as reasonably practical.
- Personalised learning programmes.
- teaching if agreed at placement and financially supported.
- Intervention Plans.
- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing.

- PDA (Pathological Demand Avoidance) Society (<https://www.pdasociety.org.uk/>)
- National Autistic Society (<http://www.autism.org.uk/>)

## 5.6 Expertise and training of staff

All our staff undertake online training modules and INSET training, delivered by the Director of Education, Timeout Clinical Team or outside agencies if required. Our INSET programme is designed around the needs of the current cohort of children and their identified barriers to learning. We have three designated training days each year where we focus on one area. For example: ADHD, Autistic Behaviours and Barriers to Learning, PDA and Oppositional Disorder. All staff are trained in our system of Therapeutic Crisis Intervention.

## 5.7 Securing Equipment and Facilities

The school assesses individual needs on a case-by-case basis and will make reasonable adjustments where required under the Equality Act 2010. The school will work with parents, health professionals and commissioners to determine whether pupils' medical and educational needs can be safely met.

## 5.8 Evaluating the Effectiveness of SEND Provision

We evaluate the effectiveness of provision for pupils with SEND by:

- Reviewing pupils' individual progress towards their targets each term
- Reviewing the impact of interventions after 4/6 weeks
- Using pupil questionnaire
- Monitoring by the SENCO and Director of Education (SIEP's and weekly staff meetings)
- Using provision maps to measure progress
- Holding annual reviews for pupils with pupils with Education, Health and Care Plans (EHCPs)
- Holding PEP meetings termly
- Weekly staff meetings focus on each child and their progress is discussed and interventions are put in place if required

The school's SEND Information Report is published annually and is available on request and through the school website.

## 5.9 Enabling Pupils with SEND to Engage in Activities Available to Those in the School who do not have SEND

All our extracurricular activities and school visits are available to all our pupils.

No pupil is ever excluded from taking part in these activities because of their SEND or disability.

## 5.10 Support for Improving Emotional and Social Development

We provide support for pupils to improve their emotional and social development in the following ways that pupils with SEND are encouraged to be part of the school council. We have a zero-tolerance approach to bullying.

## 5.11 Working with Other Agencies</

- Exclusions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

### 5.14 The Local Authority Local Offer

Our contribution to the local offer is:

At our schools, we provide high quality care and education for children aged between 5 and 11 in a safe and stimulating environment. Our children are often challenged by social and emotional barriers to learning and our aim is to address these and create happy, engaged, and successful children that are ready to make academic progress.

We ensure that every child experiences success: our individualised learning programmes are designed to enable this, and our highly skilled and dedicated staff create unique and engaging learning opportunities for all our children.

Information about the school's SEND provision, admission arrangements, support available and specialist services forms the school's contribution to Calderdale and Rochdale's Local Offer.

## 6. Monitoring Arrangements

This policy and information report will be reviewed by the Director of Education every year
